

Price list – PEDeDose

1. Users in Switzerland and the Principality of Liechtenstein

Single users

The license fees for single users are listed at <https://www.pedeus.ch/en/services/for-single-users/>.

Institutions

The license fees for institutions can be directly calculated at <https://www.pedeus.ch/en/services/for-institutions/>. The license fees include the use of the PEDeDose application and the PEDeDose web service.

Interested pharmacy groups, pharmacy chains, doctor's group practices and corporations with several locations are kindly asked to contact us via info@pedeus.ch. We will be happy to provide an offer to you.

2. Users in Europe (excl. Switzerland and Principality of Liechtenstein)

Users in Europe (excluding Switzerland and the Principality of Liechtenstein) are granted a discount because PEDeDose currently only contains Swiss commercial products (which are not available to users outside CH/LIE). Contact us via info@pedeus.ch so that we can prepare an offer for you.

3. PEDeDose local installation

The fee for the PEDeDose local installation is included in the annual fee for the use of the PEDeDose application and the PEDeDose web service. The effort for the obligatory updates of the PEDeDose local installation will be charged separately. If you are interested in a local installation, please contact us via info@pedeus.ch.
